📄 PROFILE

As a dedicated and ambitious IT enthusiast currently pursuing a degree in Informatics, I am eager to embark on a rewarding journey within the IT field. With knowledge in C++, JavaScript, HTML5, CSS3 and SQL, I possess a foundation in programming languages and web development. While my experience may be limited, my passion for technology and commitment to learning drive me to excel and contribute to dynamic IT projects. With a willingness to adapt, a keen problem-solving mindset, and a drive for continuous self-improvement, I am excited to leverage my academic knowledge and enthusiasm to contribute positively to a dynamic IT team.
